QUARTERLY NEWS AND EXCLUSIVE UPDATES FOR ARK ANGEL FUND INVESTORS

SUMMER 2022

Ark Angel Fund: Q2 Recap

Highlights

The Ark Angel Fund (AAF) had a successful Q2 with three additional investments totaling nearly \$500k, bringing our total AAF investment to approximately \$875k.

Socialive is a seasoned video creation platform used by many large corporations and well-positioned for acquisition in 2023. AAF invested \$150k at a \$90M valuation.

XRHealth is an at-home VR therapy for various behavioral/physical ailments. AAF invested \$200k at a \$80M valuation, along with an additional \$950k from direct AAF investors to secure an Operations Advisory Board seat.

AptumBuild is a patented pre-fabricated housing tech company that requires no tools for assembly. AAF invested \$146k at a \$4.9M valuation and secured a Board of Directors seat.

Success Story

AAF made it's first investment in FixMyCar back in March of 2021 with a pre-money valuation of \$5M.

FixMyCar provides mobile vehicle technician maintenance and light repair services at **any location you desire**.

Today, FixMyCar (MyCar) is raising at a post-money valuation of **\$12M** and broadening operations across the nation, along with expanding services to include **towing, roadside assistance, EV Charging and vehicle washes**.
